

CAMPUS ACTION AI

Placement Eligibility & Document Structure

Version 1.0 | August 07, 2026

1. DOCUMENT OVERVIEW

This document serves as the knowledge base for the Campus Action AI Retrieval-Augmented Generation (RAG) system. It contains comprehensive placement policies, student eligibility criteria, academic requirements, and placement statistics. The system uses this document to retrieve relevant information and determine student placement eligibility.

2. RAG SYSTEM ARCHITECTURE

2.1 System Components

Component	Description	Function
Document Store	Indexed placement policies & eligibility criteria	Storage & retrieval
Query Engine	Processes student eligibility queries	Query understanding
Eligibility Checker	Validates student criteria against policies	Decision making
Response Generator	Generates eligibility reports	Output formatting

3. STUDENT INFORMATION STRUCTURE

3.1 Required Student Fields

Field Name	Data Type	Description	Example
Student ID	String	Unique identifier	STU2024001
Name	String	Full name of student	Aarav Kumar Sharma
Program	String	Degree program	B.Tech CSE
Specialization	String	Field of study	Artificial Intelligence
CGPA	Float	Cumulative grade point	7.85
Semester	Integer	Current semester	8
Graduation Date	Date	Expected graduation	2024-05-30
Backlogs	Integer	Number of failed courses	0
Department	String	Academic department	Computer Science

4. PLACEMENT ELIGIBILITY CRITERIA

4.1 General Eligibility Requirements

A student is eligible for placement consideration if they meet ALL of the following criteria:

Criteria	Requirement	Status
Minimum CGPA	≥ 6.0	Mandatory
Active Status	Not on suspension	Mandatory
Attendance	$\geq 75\%$	Mandatory
Backlogs	0 active backlogs	Mandatory
Documents	All verified	Mandatory
Graduation Status	Final year or graduated	Mandatory

4.2 Program-Specific Eligibility

Program	Min CGPA	Min Semester	Specialized Skills Required	Eligible After
B.Tech CSE	6.0	7	Programming, Data Structures	Sem 6
B.Tech IT	6.2	7	Web Dev, Databases	Sem 6
B.Tech ECE	6.5	7	Circuit Design, Embedded Systems	Sem 6
B.Tech ME	6.0	7	CAD, Thermodynamics	Sem 6
B.Tech Civil	6.0	7	Structural Design, AutoCAD	Sem 6
MCA	6.5	3	Advanced Programming, DSA	Sem 2
MBA	6.0	3	Business Acumen, Analytics	Sem 2

5. COMPANY RECRUITMENT CATEGORIES

Category	CGPA Requirement	Package Range	Typical Roles	Interview Round
Tier 1	≥ 7.5	■12-25 LPA	Senior Dev, Analyst	4-5
Tier 2	≥ 6.8	■8-12 LPA	Developer, Executive	3-4
Tier 3	≥ 6.0	■5-8 LPA	Associate, Trainee	2-3
Startup	≥ 5.5	■4-7 LPA	Generalist, Founder	2-3
PSU	≥ 6.5	■6-10 LPA	Officer, Engineer	3-4

6. PLACEMENT STATISTICS & BENCHMARKS

Metric	Previous Year	Current Trend	Target
Overall Placement %	92.5%	↑ 2.1%	95%
Average Package	■8.45 LPA	↑ ■0.65 LPA	■9.5 LPA
Highest Package	■45 LPA	↑ ■5 LPA	■50 LPA
Median Package	■7.2 LPA	↑ ■0.4 LPA	■8.0 LPA
Students Placed	245	↑ 18	260
Companies Visited	45	↑ 8	55

7. SAMPLE STUDENT RECORDS (For RAG Training)

7.1 Sample Record #1: Eligible Student

	Value
	STU2024001
	Aarav Kumar Sharma
	B.Tech Computer Science
	Artificial Intelligence & Machine Learning
	8 (Final)
	8.45
	0
	92.5%
	Active
	May 30, 2024
	YES - All Tier 1 & 2 companies
	■12 LPA (Tier 1)

7.2 Sample Record #2: Conditionally Eligible Student

Field	Value
Student ID	STU2024042
Name	Priya Verma
Program	B.Tech Information Technology
Specialization	Cloud Computing
Current Semester	7
CGPA	6.35
Backlogs	0
Attendance %	78.5%
Status	Active
Graduation Date	May 30, 2024
Placements Eligible	YES - Tier 2 & 3 companies only
Restrictions	Does not meet Tier 1 CGPA requirement (needs ≥6.8)

7.3 Sample Record #3: Non-Eligible Student

Field	Value
Student ID	STU2024078
Name	Rajesh Patel
Program	B.Tech Mechanical Engineering
Specialization	Thermal Engineering

Current Semester	6
CGPA	5.8
Backlogs	1 (Active)
Attendance %	72.0%
Status	Active
Graduation Date	May 31, 2025
Placements Eligible	NO - Multiple violations
Reasons for Ineligibility	1) CGPA below 6.0 minimum\n2) Has 1 active backlog\n3) Not in final year

8. RAG QUERY EXAMPLES & EXPECTED RESPONSES

8.1 Eligibility Determination Queries

Query 1:

Is student STU2024001 (Aarav Kumar Sharma, CGPA 8.45, No backlogs, Final Year) eligible for placement?

Expected Response:

YES - ELIGIBLE FOR ALL PLACEMENTS. Student meets all mandatory criteria and exceeds CGPA requirements for Tier 1 companies.

Query 2:

Can a student with 6.35 CGPA and 0 backlogs in IT program apply for Tier 1 companies?

Expected Response:

NO - Does not meet Tier 1 requirement (≥ 6.8 CGPA). Eligible for Tier 2 (≥ 6.2) and Tier 3 (≥ 6.0) only.

Query 3:

What is the minimum CGPA required for placement eligibility?

Expected Response:

6.0 is the general minimum CGPA for basic placement eligibility. Specific companies and tiers have higher requirements.

Query 4:

Can a student with 1 active backlog participate in placements?

Expected Response:

NO - Having active backlogs makes a student ineligible for all placements per mandatory criteria.

9. DOCUMENT MANAGEMENT & UPDATES

Version Control: This document is maintained with version history. Updates are made annually or when policies change.

Last Updated: August 07, 2026

Effective Date: Academic Year 2024-2025

Policy Changes: Any changes to eligibility criteria must be approved by the Placement Committee and documented in updates.

RAG Index Updates: The system should re-index this document whenever major policy changes occur.

10. FREQUENTLY ASKED QUESTIONS

Q: Can a student improve their eligibility by improving CGPA?

A: CGPA is considered as-is at the time of company visit. Future improvements don't affect current placements.

Q: What happens if a backlog is cleared before company visit?

A: Student becomes eligible if all other criteria are met and it's officially cleared before the recruitment drive.

Q: Can non-final year students participate?

A: Generally no, but some companies may allow pre-final year placement offers which are accepted after graduation.

Q: What is the attendance requirement exactly?

A: Minimum 75% attendance is mandatory. This is calculated from the official attendance register.

Q: How are package brackets determined?

A: Based on company tier, role level, experience requirements, and market standards for the sector.
