CAMPUS INDUCTION SCHEDULE

Date & Time: 3rd December 2024 | 9:00 AM - 10:30 AM

Venue: Sports Complex Auditorium, NIT Indore

Attendance: Mandatory for all registered candidates (even if ineligible)

Agenda:

9:00 - 9:15 AM: Welcome & College Coordinator Remarks

9:15 - 9:40 AM: Infosys Company Presentation (Global presence, culture, learning)

9:40 - 10:05 AM: Career Pathways & Skill Development Programs

10:05 - 10:20 AM: Q&A; with Infosys Recruiters

10:20 - 10:30 AM: Logistics & Assessment Guidelines

What to Bring:

- ✓ Valid College ID card
- ✓ Laptop/Desktop (for assessment - bring if you have)
- ✓ Notebook & pen
- ✓ Positive mindset!

Important Notes:

- Attendance will be marked (mandatory)
- Light refreshments provided
- Assessment starts immediately after induction
- Carry your Resume in PDF format

IMPORTANT GUIDELINES

Online Assessment Protocols:

- Stable internet connection (10 Mbps+ recommended)
- Laptop/Desktop required (mobile not supported)
- Webcam & microphone must work - test beforehand
- Sit in a quiet, well-lit room with a plain background
- No external materials, notes, or online resources allowed
- Browser: Chrome/Firefox (latest version)
- Do NOT minimize browser window during test
- Time is LIVE and cannot be paused - manage wisely

Coding Challenge Rules:

- Choose from: Java, C++, Python, JavaScript
- Submit code within time limit (no extensions)
- Code will be tested against hidden test cases
- Partial scores awarded for partial solutions
- Plagiarism detected via automated tools = disqualification

Interview Conduct:

- Arrive 10 minutes early to allotted slot
- Professional attire recommended (business casual acceptable)
- Bring original ID and documents for verification
- Be ready to screen-share for technical discussion
- Interviews will be conducted virtually via Infosys meeting platform

Code of Conduct:

- Honesty and integrity are non-negotiable
- False information leads to permanent disqualification
- Do not contact recruiters outside official channels
- Respect college and Infosys guidelines at all times
- Any unethical behavior reported to college authorities

FREQUENTLY ASKED QUESTIONS

Q1: Can I appear if my CGPA is 5.4?

No. CGPA 5.5 is the hard floor. Candidates below this threshold are auto-rejected during pre-screening.

Q2: I have 1 backlog that I will clear by graduation. Am I eligible?

No. You must have ZERO live backlogs at the time of the recruitment drive. Clearing after the drive does not help.

Q3: Is the coding challenge hard?

It is moderate-to-hard. Practice on LeetCode/HackerRank. You need to solve at least 1 problem fully to have a decent chance.

Q4: What if I fail InfyTQ?

You cannot proceed to coding round. However, you can appear for Infosys next year if you re-register.

Q5: Is the interview scheduled right after coding?

No. Interviews happen the next day after coding results are announced. You will have time to prepare.

Q6: What is the salary structure breakdown?

CTC = Base (■2.8-3.5L) + Performance Bonus (■2.2-3L) + Benefits. Exact amount depends on role and location.

Q7: Can I negotiate the offered package?

Package structure is not negotiable. It is based on role, location, and performance during selection.

Q8: What is the bond/commitment after joining?

Standard 2-year service bond applies. Early exit incurs a penalty as per agreement terms.

Q9: Can I defer my joining date?

Joining date is fixed as 15th August 2025. Deferment is not permitted without strong grounds and management approval.

Q10: Will Infosys help with relocation?

Relocation support is provided for positions outside your home state. Details in the offer letter.
